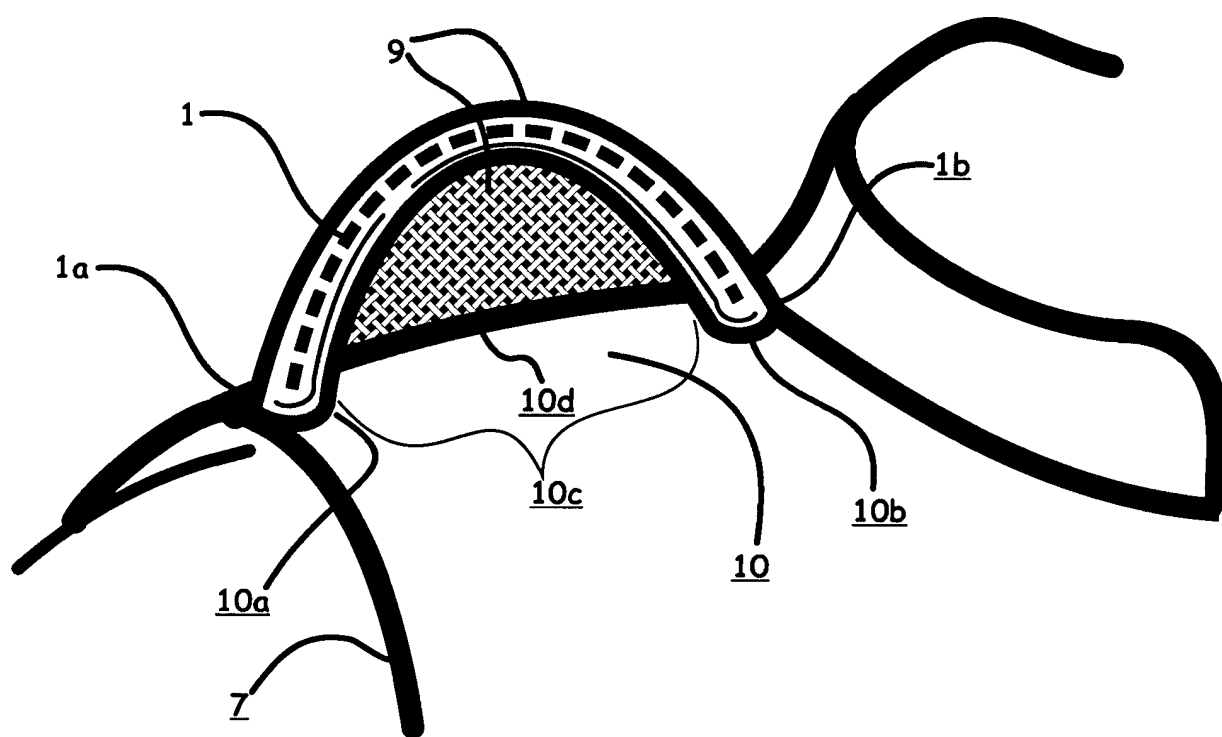

Fig. 2

Fig. 2 is a detailed cross-sectional view of a medical device, likely a catheter or probe, inserted into a body cavity. The device features a central shaft (20) with a distal tip (25) and a proximal handle (26). A flexible, segmented section (4) is positioned near the tip. A large, curved, and textured component (22) is visible, possibly a balloon or a specialized tip. Other labeled parts include 2, 3, 3a, 21, 23, 24, 27, and 28, indicating various structural elements and components of the device.
